Dear Andrea,

first of all I like to wish you all the best for the new year 2018.

Thank you very much for your confirmation that the studies will be handled confidentially and will only be used for the EPA's evaluation of Pigment Violet 29.

Enclosed please find the requested study reports. In case I can be of further help please do not hesitate to contact me again.

Best regards

Klaus

Betreff: Pigment Violet 29

Dr. Kund:

My colleague, Hannah Bran, forwarded to me your December 13, 2017 email regarding Clariant's Pigment Violet 29 data. In response to your questions, yes, the EPA would appreciate the submission of the full study reports even though they are in German. Please note that the EPA would need the studies to be translated for our use and we are currently in discussions with Sun Chemical, a U.S. manufacturer of Pigment Violet 29, to see if they can provide translation. The studies would be handled in a confidential manner and will only be used for the EPA's evaluation of Pigment Violet 29.

Please let me know if you have any additional questions.

Best regards,

Andrea
